

HIGHLANDER II WITH ENCLOSURE

VERTICAL PLATFORM LIFT ENCLOSURE KIT

Vertical Platform Lifts are required to be enclosed when they have a lifting height of 60" or above for commercial applications and/or when they penetrate a floor. The enclosure kit allows for an integrated solution instead of constructing a hoistway.

KEY AVAILABLE FEATURES:

- Choice of acrylic or steel panels
- Acrylic roof with ventilation system
- Steel frame with SealKor powder coat
- 6' 8" lower door and upper landing gate
- Through-bolt fastening system for enhanced rust protection
